SafeMobile

SafeMobile offers a world of wireless applications designed with our customers' business requirements in mind. Our goal is to unleash the power of your radios by providing additional flexibility, optimized efficiency and enhanced reporting capabilities to unify a completely customized communication system.

Headquartered outside Chicago, IL, SafeMobile was founded in 2001 to deliver data and communication management solutions across the globe. We have 5 offices within North America that serve more than 250 dealers; 14 offices and 225 dealers throughout the EMEA region (Europe, Middle East, Africa); 4 dealers throughout Latin America, and we have partnered with Motorola in the APAC (Asia Pacific/Australia/New Zealand) region.
